DATA ENGINEER

Dedicated Data Engineer with 2 + years of hands-on experience in designing and implementing robust data pipelines. Proficient in ETL processes, data modeling, optimizing and automate various data workflows. Adept at utilizing cutting-edge technologies to ensure efficient data storage, retrieval, processing and analysis. Committed to delivering high-quality solutions to drive data-driven decision-making.

Key skills include:

- Building Data Pipelines
 - Data Analysis
 - Data Manipulation using Python & Pyspark
 - Optimizing Data pipelines
 - Prompt Engineering
 - Amazon Web Services (S3, Glue)
 - Building complex SQL Queries to retrieve data
 - Improving and Data Processing
 - Automate various Data Pipelines
 - Using Generative AI
-

PROFESSIONAL EXPERIENCE

ACCENTURE PVT LTD, Hyderabad, Telangana

DATA ENGINEERING ANALYST (December 2024 –Present)

Responsibilities:

- Developing various complex pipelines using AWS Glue.
- Finding different ways to create Automated Data Pipelines.
- Identifying, optimizing, developing, updating and fixing bugs in variuos python or pyspark nodes according to requirements.
- Finding different ways to reduce infra costs.
- Creating complex Combined Data Models by analyzing the data.
- Creating API's for Dashboards using Python or Pyspark in AWS Lambda Functions.
- Taking KT Sessions on AWS Glue.
- Data Analysis.
- Using GenAI.

Technologies & Tools Used:

- Python
- Pyspark
- AWS S3
- AWS Athena
- AWS Lambda Function
- MYSQL
- AWS Dynamo DB
- REDSHIFT
- Gen AI
- AWS Glue

ACCENTURE PVT LTD, Hyderabad, Telangana

DATA ENGINEERING ASSOCIATE (September 2022 – December 2024)

Responsibilities:

- Developing, debugging any job failures and supporting jobs in EDLS (ETL Tool).
- Identifying, developing, updating and fixing bugs in scripts using python according to business requirements.
- Created jobs in AWS Glue Studio.
- Building complex SQL Queries to retrieve data from MYSQL & REDSHIFT databases.

Technologies & Tools Used:

- Python
- AWS (S3, Glue Studio)
- ETL Tool (Enterprise Data Lake Services)
- MYSQL
- REDSHIFT

EDUCATION & CERTIFICATIONS

MLR Institute Of Technology, Hyderabad, Telangana

Bachelor of Technology in Mechanical Engineering (8.63 CGPA), 2022

Certifications:

- JAVA Enterprise Edition
- C Language

ACHIEVEMENTS

- Received Beacon awards for 5 times consecutively in Accenture.
- Achieved an appreciation medal in BTECH 1st year 2019 (Academics).

PROJECTS

- Designed an innovative BED-CUM CHAIR for HEMIPLEGIC patients.
- Design, Analysis & Fabrication Of An Automated Camera Crane (College Major Project).
